

**QUALITY IS OUR DRIVING FORCE®**

**RESPONSIBLE CARE®**  
OUR COMMITMENT TO SUSTAINABILITY

## **Slay Transportation Co., Inc. Environmental Policy January 15, 2022**

**Slay Transportation Co., Inc. is committed to following sound environmental protection practices both at our terminal and office facilities, and while our drivers are on the road or at customer locations throughout the country.**

**Slay Transportation's Leadership Team strongly supports and encourages all employees and drivers to follow pollution prevention measures and compliance with environmental regulations as they perform their work assignments.**

**Slay Transportation's environmental goal is to operate spill and incident free. It is the expectation of the Slay Leadership Team that all employees and drivers will fully support this policy and employ work practices that will demonstrate the effectiveness of our environmental policy.**

**Slay Transportation will comply with relevant environmental regulation as issued by the Environmental Protection Agency and the states and local communities in which we operate our terminals and conduct our transportation business.**

**In addition, Slay Transportation is committed to comply with the Responsible Care® related requirements to which we voluntarily ascribe.**

**Slay Transportation employees and drivers are to conduct work activities in such a way as to protect and preserve our natural resources, environmental assets and the health and safety of our employees, drivers, and the public.**

**The Environmental Policy is endorsed and supported by the Slay Transportation Leadership Team.**
